							TOTAL \$ _____
GRAND TOTAL \$							_____

Summit-Questa Montessori School is a community of educators, children, and families committed to the teaching principles and methods of Dr. Maria Montessori. The Montessori educational approach is based on respect for the individual child, respect for others, and respect for all forms of life.

The interrelationship among the child's physical, social, emotional, intellectual, and spiritual development is basic to Montessori education. At Summit-Questa, students are encouraged to achieve their full potential through work and play, individually and in small groups. These experiences allow for critical thinking, problem solving, and positive peer interaction.

Our mission is to provide an environment for all children to express themselves, experience the joy of discovery, and have a sense of community and belonging. To achieve this mission Summit-Questa has created a school atmosphere where children can respond to their natural drive to work and learn. Children may progress at their own pace and rhythm with guidance from specialty trained teachers.

Through integration of these principles, Summit-Questa has created a nurturing environment where children become life-long learners who possess an enthusiasm for learning, a positive self image, and the ability to adapt to readily changing technology in the 21st century.

Summit-Questa does not discriminate on the basis of race, religion, sex or ethnic origin.

CAMPUS SAFETY RULES

Every camper/student will have their temperature taken (prior to their parent leaving), hands sanitized upon arrival and throughout the day; lunch, snacks, extra clothing, towel and a mask to be supplied by the parent. **Use of masks during the camp will be age and activity appropriate.** Students may not share personal items, lunches, clothing or snacks. All camp rooms will be sanitized daily, students will remain with their assigned small group for safety reasons and the school will make every effort to supply each student with their own supplies (art/science/physical fitness, etc.) If you should feel more comfortable sending your child with their own container of personal pencils, markers, crayons, scissors, etc. that is acceptable but must be clearly marked with your child's name. When working on projects, students will have assigned work areas and will not be permitted to switch with students. Our goal will be to keep groups small and the same as much as possible to minimize changing students within the group. Siblings (depending on age) will be placed in the same group when possible. Students will need to respect the distancing rules, wash hands regularly and will be sent home immediately if they have a cough or fever or appear to have any signs of illness. Those who do not follow the rules will not be permitted to stay in camp.

I/we (parent name) _____ understand that the school will make every effort to keep each child and staff member as safe as possible and we, as parents, will do the same. We understand that there is no way that any one of us (families, staff etc.) will ever know if we have come in contact with someone that is asymptomatic. Therefore, we (parents and students) understand that upon entering our campus we will follow the school policies.
